

TANKER QUESTIONNAIRE

1) Select tanker type for calculation (mark only one type of tanker):

| 1.1 | 1.2 | 1.3 | 1.4 |
|---|---|--|---|
| Small Tanker | Fuel Tanker Truck | Tractor + Fuel Tank Semitrailer | Fuel Tanker Truck + Fuel Tank Trailer |
|  |  |  |  |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

2)

| | |
|---|--|
| Qty of Road Fuel Tankers for calculation. (To count qty of components: modules, sensors etc.. Show quantity) | |
|---|--|

3. Main Questions about selected tanker type for calculation:

| N | QUESTIONS | About answer |
|-----|---|----------------------|
| 3.1 | Depth of cargo compartments. To select the necessary type (length) of fuel level sensor (as usual can be about: 1500mm, 1700mm, 2000mm, 2500mm) | <i>Show depth</i> |
| 3.2 | Quantity of cargo compartments in tanker. To select the necessary qty of fuel level sensor and safety barriers (and select the price level) | <i>Show quantity</i> |
| 3.3 | Will be need additional mechanical protection for the communication cable? (+about 60 EUR per tanker) | <i>Yes or No</i> |
| 3.4 | Will be need to monitor fuel quality (install third party fuel quality sensors in cargo compartments)? Notes: price level of fuel quality sensor is up to 2000 EUR (you will be directly contact with fuel quality sensor producer) | <i>Yes or No</i> |

4. About monitoring vehicle regular fuel tanks:

| N | QUESTIONS | About answer |
|-----|---|-------------------|
| 4.1 | Will be need to monitor truck fuel consumption (monitor truck regular fuel tanks)? | <i>Yes or No</i> |
| 4.2 | Quantity of regular fuel tanks in truck (can be: One, Two, Three) To select the necessary qty of sensors | <i>Show qty</i> |
| 4.3 | Depth of regular fuel tanks (as usual about 500 ... 700mm) To select the necessary sensor type (length) | <i>Show depth</i> |

5. Additional questions:

| N | QUESTIONS | About answer |
|-----|---|---|
| 5.1 | Will be need main components (module, sensors) or all components for installation? (all components means: cables, screws etc. This standard components you can buy yourself) | <i>Main components or All component</i> |
| 5.2 | If need, your additional information or comments | <i>Show comments</i> |
